## Every Montag (11 December 2023 - 1 April 2024)

For our beginner snowshoe hike we are heading into the snow-covered valley of Vent. We set off from Zwieselstein and follow the Vent river along its peaceful and quiet course. Only the sound of our footsteps crunching in the snow and the sight of sparkling icicles accompany us in the snow-covered forest. Things get exciting when we cross the frozen creek. We encounter tracks in the snow (and maybe spot some shy forest animals) and learn interesting details about the nature and the history of the Ötztal - a **very special nature experience!**

3
